ARMICA
laminates for lifetime

Phulkari

The beauty of phulkari art

phulkari™

Inspired by the timeless beauty of Phulkari, we have embarked on a journey to bring this legacy into the world of modern interiors. Phulkari, like its namesake, embodies the spirit of sophistication, elegance, and grace. Our craftsmen, equipped with deep-rooted expertise, meticulously transform exquisite laminate sheets, harnessing the art of fusion between contemporary design and time-honored tradition. Each sheet encapsulates the essence of Phulkari's motifs, colors, and emotions. Each creation is a testament to our commitment to providing world-class, durable, and sustainable solutions for designers, architects, and homeowners alike. Just as Phulkari weaves stories through its intricate threads, our laminates seek to narrate tales of beauty, warmth, and character in spaces around the world. From the grandest hotels to humble abodes, Phulkari laminates bring together authenticity and innovation, transforming spaces into expressions of individuality and sophistication. As Phulkari blooms, our passion resonates within each creation. We seek to elevate the field of interior design, unveiling a symphony of tradition and modernity, where vibrant heritage finds its place in the contemporary world. Through Phulkari, we invite you to embrace the harmony of cultures and cherish the enchanting tales woven within our laminates. Welcome to a world where elegance tells stories. Welcome to Phulkari.

In the sun-kissed fields of Punjab, where the scent of earth dances with the rhythm of life, a mystical form of art silently thrives. Phulkari, the name reminiscent of blooming flowers, embodies a tapestry of heritage and skilled craftsmanship. Rooted in generations of tradition, this extraordinary form of embroidery weaves together stories, emotions, and cultural significance.

About US

Traditional forms combined with artful interpretations create stunning creations with unparalleled beauty and perfection. Phulkari, a celebration of art, transcending boundaries.

Crafting Quality with Passion and Trust! We are thrilled to introduce you to Armica, a brand that has set its roots in the picturesque town of Shazadpur, Ambala (Haryana). Established in 2021, our journey has been one filled with immense dedication, relentless effort, and the purest of love for what we do.

At Armica, we don't just create products; we curate experiences that resonate deeply with our customers. Our mission has been to deliver products of top-notch quality that you can rely on and to build a brand that you can trust.

We firmly believe that passion is the driving force behind any successful endeavor. That's why our team aligns itself with the creative artistry and unwavering commitment needed to excel in our industry. Each member of our dynamic team contributes their unique perspective and expertise, creating a harmonious quality in every product we offer.

TECHNICAL SPECIFICATIONS

Properties	IS Requirement As per IS 2046 Type S, VGS	Phulkari Confirms
Thickness	0.8 mm +- 0.08 mm	✓
Surface Defects	A. Spots, Dirt, & Similar Surface defects B. Fibers , Hair, Scratches C. Accumulated of surface defects.	✓
Edge Defects	20 max	✓
Broken Corner	One Broken corner of < 30 mm Or two broken corner of < 15 mm allowed	✓
Sanding Defects	Slight chatter Marks are allowed	✓
Warping	Max warp 120 mm	✓
Dimension	A. Length B. Width	✓
Streightness of Edge	1.5 mm/M ²	✓
Squareness	1.5 mm/M ²	✓
Resistance to Surface Wear Revolution (Min) Index No	Not Less than 150 (revolution)	✓
Resistance to Immersion in Boiling Water	A. Mass increase % Max B. Thickness increase % Max C. Appearance Grade not worse than	✓
Dimensional Stability at deviated Temp. (Max)	A. Length wise (L) % B. Cross Wise (T) %	✓
Resistance to Scratching , Index No	Not less than 2	✓
Resistance to Staining Grade not worse than	A. Group 1 & 2 B. Group 3 & 4	✓
Resistance to Steam (Appearance Grade not worse than)	Not less than 4	✓
Resistance to Impact by small dia ball (Min), Index No	Not less than 3	✓
Resistance to cracking (Appearance Grade not worse than)	Not less than 4	✓
Resistance to Colour change (Wool standards) -In Xenon arc light In enclosed carbon arc light	Not less than Standard Blue Wool No. 6	✓
Surface Finish and reverse side bonding	The reverse side of sheets having only one decorative surface shall be suitable for adhesive bonding if so required	✓

Warranty

Phulkari Laminates ensures that all our products are quality checked and free from manufacturing defects. Products inspection prior to installation is recommended for your satisfaction. In case of any non-compliance issue, the company would be liable for the cost of the product only.

Note

Samples pasted represent only Color / Pattern / Finish and not actual thickness. Please specify color or design number along with finish.

Maintenance

Wipe clean with ordinary soap or household ammoniated liquid detergent. For stubborn stains use diluted organic solvent or stain remover. Abrasive cleaners and wire brushes are not recommended. Metallic & Pearl laminates are fragile and sensitive, hence the company will not entertain any claim on these laminates.

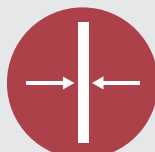

Key Features

Premium Quality Paper

Long Life

Unifrom Thickness

Easy to Clean

High Flexibility
